## GENERAL INSTRUCTIONS

Staff data is to be reported by Public Districts, Nonpublic Systems, Educational Service Units, Special Purpose Systems and Rule 18 Interim-Program Schools. Validation and verification reports will continue to be located in NSSRS Validation.

Beginning in 2011-2012 NDE will collect the staff data in an online application. The application will be located under the Student and Staff (NSSRS) tab in the NDE portal. Districts can access and update the data in this application a variety of ways:

- Districts may enter the data online, the online application will be populated with the staff data from the previous year.
- Districts may download the 2010-2011 staff data, edit the file, and upload the file (instructions will be available when the application is completed).
- Districts may create an upload file from their Staff system to upload, see the file layouts in Appendix E.
- Districts may edit the uploaded data online if they don't want to upload the entire file again.

This instruction manual describes the data elements collected by NDE for Staff Reporting via the Staff Demographics and Staff Position Assignments file layouts. Staff Demographics replaces the Staff Snapshot template and Staff Position Assignments replaces the Staff Assignment template. The Staff Demographics file collects staff demographic information while the Staff Position Assignments file collects reportable position assignments. Valid values and data validation rules that can be performed prior to data submission are listed where appropriate. NSSRS validation reports ensure data submitted is of high quality.

The detailed file layout for the staff files is located in Appendix E of this manual.

### Important Dates

Please refer to the NSSRS Template Calendar for detailed date information for the current school year.

#### September 15

Staff data is required by Statute 79-804 R.R.S. The Staff Demographics and Staff Position Assignments files are to be submitted or entered online on or before September 15.

#### Upon Contracting New Staff after September 15

Certificated staff hired after September 15 are to be included in subsequent submissions of the Contract Date: Staff Demographics (19) and Assignment Date: Staff Position Assignments (13) reflecting the individual's start date and assignment date to comply with the Rule 10 requirement (92 NAC 10-003.08A).

#### June 30

Districts are encouraged to review Staff Demographics data to ensure the salary data are complete and current based on the changes that have been made during the school year. For example if

negotiations had not been completed when the Staff Demographics was submitted but were completed during the school year, those changes should be reflected in an update to the Staff Demographics data.

Some data for compensation is not known in the fall like stipends, bonus pay, pay for unused vacation, etc. Please update the Staff Demographics data to include all compensation as of the end of the school year. See page 12 to ensure all compensation categories are complete and accurate for the school year.

## **Scope**

### **Reportable Staff**

All employees of the district/system must be reported via Staff Reporting using the Staff Demographics and Staff Position Assignments file specifications **except**:

- Substitute teachers: This information will be submitted through the Consolidated Data Collection (CDC); Due Date June 30.
- Staff in positions not requiring certification except those listed below: Non-certificated Staff in Consolidated Data Collection (CDC); Due Date December 31.
  - Both instructional and non-instructional paraprofessionals FTE should be included in the Consolidated Data Collection (CDC). Instructional paraprofessionals will also be included in Staff Reporting for Title I schools only (see instructions in Appendix D).
  - Business Managers should be included in Staff Reporting
  - Activities/Athletic Director should be included in Staff Reporting
  - Technology Coordinator should be included in Staff Reporting
- Staff that are exclusively summer school staff.

### **Instructional Paraprofessionals**

Please report instructional paraprofessionals for Title I schools only. Title I **schoolwide** schools report all instructional paraprofessionals regardless of funding. Title I **targeted assistance** schools report only those instructional paraprofessionals funded by Title I. Both types of instructional paraprofessionals are reported for the portion of time they are assigned to Title I.

## Conventions

### File Names

File	File Name
Staff Demographics	##-####_Staff_Demographics.zzz
Staff Position Assignments	##-####_Staff_Position_Assignments.zzz

Where:	Represents:
##-####	The NDE-assigned County District Number
.zzz	One of the following: .csv Comma delimited (comma-separated values) .tab Tab delimited

### Data Element Names

The following syntax is used throughout this document when referencing data elements.

Format: NDE Field Name: File Name (Field Number)

Where:

- **NDE Field Name** represents the name of the data element commonly used by the Nebraska Department of Education (NDE).
- **File Name** represents the file the field is included in.
- **Field Number** indicates the position of the field within the specified File Name for the upload option of submitting data.

### School Year

June 30 is used as the logical representation of a school year. As with all dates in NSSRS, it must be in ISO format (YYYY-MM-DD). Therefore, since this document applies to the "2011-2012" school year, all file fields that are to be populated with a logical school year will simply read: Provide the literal "2012-06-30".

# STAFF DEMOGRAPHICS

## STAFF DEMOGRAPHICS

This file contains one record for each staff member working in the school district/system that should be included on the Current Personnel Report. This file is meant to reflect the current employee status and must be loaded before the Staff Position Assignments file is loaded.

### **Record Number: Staff Demographics (1)**

Report a sequential number, starting with 1 for every record in the file. This is required for the Upload process only.

### **County District Number: Staff Demographics (2)**

This is the 6-digit number assigned to the school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). This number is based on the county in which the district/system headquarters is located and a district number that is assigned by NDE. A value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search located at <http://educdirsrc.education.ne.gov>.

### **NDE Staff ID: Staff Demographics (3)**

The 10-digit number assigned by the NDE Staff ID system. This number will be used to uniquely identify the staff person. A value must be supplied for each record or the data loading process will reject the record.

NDE Staff IDs were assigned to all staff in the Teacher Certification database, staff data prior to NSSRS and to staff included in NSSRS Staff Snapshot (2007-2008 thru 2010-2011) in March 2011. After March 2011, NDE Staff IDs are assigned through Teacher Certification as part of the certification process. If the position does not require certification the district must assign an NDE Staff ID using the NDE Staff ID system. District staff can search the NDE Staff ID system to locate NDE Staff IDs.

**Total Experience: Staff Demographics (25)**

Provide the total number of years of experience (in whole years) in education including the current school year; therefore the minimum number is 1. # STAFF POSITION ASSIGNMENTS

## STAFF POSITION ASSIGNMENTS

The Staff Position Assignments file contains one record per position assignment and contains the details of each position assignment. Please keep this file updated throughout the year as position assignments are changed.

The Staff Position Assignments file may contain multiple records in a school for a particular staff member with multiple position assignments (see examples below):

Example 1: If a staff member is assigned to two schools with only one position assignment code in each school, there will be two Staff Position Assignments records - one for each school.

Example 2: If a staff member is assigned to one school with two different position assignments, there will be two records - one for each position assignment. Each record will have the same school number. An example would be staff with the position of teacher for a portion of time and a position of counselor for a portion of their time at the same location.

**Teachers who have multiple subject areas at one school:** Staff Position Assignments will contain one record with the total FTE for that school.

A Staff Demographics file must first be submitted for each staff appearing in a Staff Position Assignments file or the data loading process will reject the record.

### **Record Number: Staff Position Assignments (1)**

Report a sequential number, starting with 1 for every record in the file.

### **County District Number: Staff Position Assignments (2)**

This is the 6-digit number assigned to the school district/system by NDE and should include a hyphen ("-") between county number and district number (example: XX-XXXX). This number is based on the county in which the district/system headquarters is located and a district number that is assigned by NDE. A value must be supplied for each record or the data loading process will reject the record. The County District Number can be obtained from the Education Directory Search located at <http://educdirsrc.education.ne.gov>

**For Educational Service Unit Staff providing reportable services to districts/systems or district/system staff assigned to a district/system other than the contracting district/system.** The County District Number and School Number may be different than the other staff, see instructions on Controlling Agency ID: Staff Position Assignment (10).

### **School Number: Staff Position Assignments (3)**

Provide the school number(s) the staff member is assigned to. This number is the last 3 digits of the county district school number (example XX-XXXX-**XXX**). The County District Number can be obtained from the Education Directory Search located at <http://educdirsrc.education.ne.gov>. A value must be supplied for each record or the data loading process will reject the record.

If the staff member is not assigned to a specific school, use 000 for the school number indicating they are assigned to a district level assignment. For example, position assignment codes ending in 2320 (Superintendent) and 2321 (Assistant Superintendent) must have 000 in school number.

Position assignment codes ending in 2410 (Principal), 2415 (Assistant Principal), 2120 (Secondary Counselor), 2121 (Elementary Counselor), 1150 (Head Teacher), 1160 (Teacher), 1161 (SPED Teacher), 1162 (SPED Teacher), 1163 (SPED Teacher), 1164 (SPED Facilitator), 1170 (Teacher Facilitator), and 1180 (Teacher Collaborator) cannot have 000 in their school number.

**NDE Staff ID: Staff Position Assignments (4)**

The 10-digit number assigned by the NDE Staff ID system. This number will be used to uniquely identify the staff person. A value must be supplied for each record or the data loading process will reject the record.

**Local Staff ID: Staff Position Assignments (5)**

Provide a unique number used to designate a staff member at the local level. The Local Staff ID can be left blank. This field will be included in staff verification and validation reports in order to assist districts/systems research data issues.

**Last Name: Staff Position Assignments (6)**
